## Version history:

Version	Changed By	Change Date	Description
1.0	Dhriti Ghosh ( <a href="mailto:dhriti.ghosh@kroger.com">dhriti.ghosh@kroger.com</a> )	12 Aug 2019	Draft version of Bulk Upload User Guide
1.1	Noorah Patel ( <a href="mailto:noorah.patel@kroger.com">noorah.patel@kroger.com</a> )	20 Dec 2022	<ul style="list-style-type: none"><li>• Add CSV Upload Template Link to download file format</li><li>• Addition of new column in CSV file for Image Orientation Type</li></ul>

## Environments:

Environment	URL	Type
Dev	<a href="https://implivedev.cfhdinternaltest.kroger.com">https://implivedev.cfhdinternaltest.kroger.com</a>	PCF
Test		PCF
Stage		PCF
Prod		

## Navigation:

URI	Navigation
/csvupload	Home > Upload From CSV (Under Add Menu)

## Objective and Features:

This functionality is developed to enable self serve bulk image uploading to Content Services Platform. The expected file format is CSV (Comma Separated Values).

- Bulk Image upload utility.
  - Easy visual presentation of uploaded CSV image records.
  - Validation of the CSV records before submitting those for processing.
  - Downloadable status report of the images submitted for processing.
- Instant Content Service Platform URL for viewing images immediately after processing.

## Layout:

### View No. 1 - Initial Screen:

### View No. 2 - After Uploading an acceptable CSV file:
